13.1 Game fees should be paid direct to the doorkeeper a minimum 10 minutes prior to the scheduled start of the game. Score sheets will not be released until all game fees have been paid and the team paying 2nd is required to take the score sheet to the court score bench.

13.2 All outstanding fees recorded by a team during a season must be paid before the team can play the following match.

13.3 Game fees for forfeited games will be refunded unless the team(s) uses the referees and/or court during the game time.

13.4 For all grades the clock is started at the scheduled time for commencement of the match, provided a referee is ready at the centre.

13.5 For each full minute a team delays the start of a game, the opponents are awarded 2 points. This penalty includes time taken to complete the score sheet with player's numbers after game time has commenced. If after 10 minutes a team is still unable to commence the match, they shall forfeit the game

13.6 For all grades the referee will call centres and start the clock at the scheduled time for commencement of the match

13.7 A Sin Bin is implemented in the domestic competition at MDBA for all competitions from Under 18's boys and girls up. This rule is supported by Basketball Victoria.

A player will have sinbin applied for flagrant un sportsperson like conduct which includes but is not limited to:

- Technical fouls that involve arguing decisions, abusive language, threatening gestures;
- Un sportsperson like fouls of a 'hard foul' nature that are careless and or likely to cause injury.

The sin bin does not apply to all technical fouls (eg delay of game) nor does it apply to all un sportsperson like fouls (eg break away USF)

- The technical/un sportsperson like foul will be called and administered in the usual way. The difference is that the player will leave the court and may not return to the game for five minutes of playing time.
- The player may be substituted if a substitute is available.
- The referee will note the time on the playing clock that the player leaves the court and instruct the scorer to write down the earliest time that the player may return to the court through a normal substitution.

Examples:

- Player who leaves court with time on clock 12:35 may return at the nearest available substitution opportunity after the clock ticks through 7:35.
- Player who is sent to the sin bin at 3:20 in the first half may return after the clock ticks past 18:20 in the second half.
- Any player who is Sin Binned with 5 minutes to go in the second half may not return to the game.

13.8 A team may commence the match with four (4) eligible players. In mixed competition, each team must have a minimum of two players of each gender to commence the game

13.9 Forfeit fines will be determined from time to time by the domestic subcommittee, details can be found on the current registration information. Teams who notify the office of a forfeit at least 2 Working Days (a working day being defined as Monday to Friday, not including Public Holidays) prior to the fixture game time will be fined a reduced amount to be determined by the domestic subcommittee from time to time.

13.10 No time outs can be called in the last 1 minute of the 1st half and the last 3 minutes of the 2nd half of game. Referee's time outs can be called at any time during the game and the clock will be stopped.

13.11 No subs in the last minute of any half as the clock does not stop.

13.12 **No zone defence** - All junior teams under 14 and down are expected to play one to one defence for the entire game. The purpose of this rule is to improve the defensive skills of all MDBA participants. The focus should be education, not application of sanctions.

It is possible that junior referees will lack the confidence and skills to correctly assess whether zone is being played. At no time should a coach or parent complain to a referee about the opposition playing a zone defence.

It is possible the regular coach is absent and the stand in coach does not have the skills or knowledge to instruct the players in one on one defence. In this situation, the shift supervisor (or referee or even opposition coach) may provide instructional support for the stand in coach.

Where a referee observes and assesses a team is playing a zone defence they should raise the issue with the offending team's coach charge a timeout to the offending team so that the coach may adjust his team's defence. If the team has no remaining time outs, the referee may choose to call a referee time out to manage the situation.

Request the scorer note the zone defence breach on the rear of the score sheet.

Where a coach believes the opposition is playing a zone defence, they should:-

- Request the team manager seek the shift supervisor to come to the court and observe the game.

If the shift supervisor assess the team is playing a zone defence, he/she will request the referees call a timeout at the next stoppage and follow the above protocol.

Where a coach believes the opposition is playing a zone defence, and there is no shift supervisor available or the shift supervisor disagrees with the coach assessment:-

- Request the team manager get video (smart phone) evidence of the breach and forward this with a report to the Domestic Committee.

If substantiated, on receiving reports of a no zone breach the Domestic Committee (or subset) may:-

- Provide written reminder/warning to the team manager on MDBA no zone policy with advice on how to coach one on one defence.
- Require the coach to attend a conference on defensive strategies
- Deduct premiership points for the game played
- Award 3 premiership points to the opposition for the game played
- Deduct 6 premiership points

14. Mixed Competition

14.1 Teams must commence the game with a minimum of two (2) females and two (2) males. The fifth player can be either male or female. In the vent this occurs the game will be a forfeit if the team that has lost their players was winning at the time, however the score will stand if the team that is unable to continue was losing at that time.
